Profile

Frontend Developer specializing in React, TypeScript, and JavaScript, with experience building responsive and scalable web applications. Skilled in reusable components, state management, REST APIs, responsive UI, Git, and GitHub. Seeking a Frontend or React Developer role to build efficient and user focused web solutions.

Professional Experience

03/2025 – Present
Riyadh, KSA

Soft Services Supervisor

Misk Schools

- Monitored contractors through inspections, KPI tracking, and quality audits.
- Coordinated with FM teams, vendors, and stakeholders to maintain efficient facility operations.
- Led, trained, and supported soft services staff to maintain high service standards.
- Supervised soft services including cleaning, laundry, waste management, and portage.
- Ensured compliance with HSE policies, industry standards, and sustainability requirements. Coordinated with front of house teams for seamless operations.

05/2023 – 01/2025
Lahore, Pakistan

Frontend React Developer

Programmers Force

- Developed reusable React components and responsive user interfaces from Figma designs for logistics, staffing, and CRM platforms.
- Built and maintained React applications using React Hook Form, TanStack Table, and Framer Motion.
- Developed scalable micro frontends with role based access control, error handling, and real time dashboards using Google Maps API.
- Implemented reusable UI components and managed application state to create scalable and maintainable React applications.

03/2021 – 04/2023
Lahore, Pakistan

React Engineer

Smart Moves Lab

- Developed responsive and accessible user interfaces for healthcare, ERP, and banking platforms using React.
- Built dynamic dashboards and real time features using WebSockets, React Query, and Redux Toolkit.
- Integrated REST APIs with JWT and Firebase authentication to build secure and reliable applications.
- Improved application performance using lazy loading, memoization, and modular React architecture.

Education

09/2016 – 08/2020
Islamabad, Pakistan

Bachelor in Information Technology

International Islamic University Islamabad

02/2014 – 03/2016
Rawalpindi, Pakistan

Intermediate in Computer Science

Standard Higher Secondary School
